

# EVOLUTION PLUS

Alkaline Presoak

## DESCRIPTION

Based on the latest surfactant technology, this product offers a robust cleaning package with a pleasant lemon fragrance. It has strength to loosen and lift soils, while having the flexibility to be further diluted and keep its cleaning and foam profile. Evolution Plus is designed to allow it to be used in hard or soft water conditions without compromising cleaning.

## USAGE INSTRUCTIONS

For touch free applications start by using it at 48-64:1 (10-14 drops). For tougher cleaning conditions slowly increase strength. For friction applications start by using it at 80-100:1 (6-8 drops). Adjust strength as necessary. Product is best applied under low pressure application. Allow product to dwell for a short time before removing.
