

CLEARCOAT BERRY

Clearcoat Protectant

DESCRIPTION

A berry-scented clearcoat protectant designed to "break" the surface water on a vehicle and enhance shine. This is an economical option that still performs at a high-level. It is specially designed for use in automatic and tunnel applications.

USAGE INSTRUCTIONS

This product is ideally applied under low pressure application in tunnel and in-bay automatic settings. Begin application at 400-650:1 (3-5 drops). In applications where greater amounts of rinse water are applied to the vehicle stronger dilutions may be required.

FEATURES

- Improves shine
- Berry fragrance
- Economical usage
- Versatile application
