

POLISH 50 BLUE

Triple Foam Polish

DESCRIPTION

Utilizing new detergent technology, this triple foam polish combines show and shine. Upon applications its foam collapses and rinses freer than standard triple foam conditioners. Additionally, it begins the drying process by breaking water and improving drying agent effectiveness. This product is ideal where rinsing and time are of the essence.

USAGE INSTRUCTIONS

This product should be applied using a foam generation applicator (foam stick, shower head, pod, foam curtain, etc.). Begin by applying it at 200-250:1. This product is viscous and thus may require larger metering tips/settings to pull at the proper rate. Product is ideally diluted with soft water, but it will still work well with harder water. Use in friction, touch free and self-serve applications.

FEATURES

- Enhances drying
- Bright foam color and intense fragrance
- Reclaim friendly
- Ideal for use in touch free applications

SIZES AVAILABLE

5-gallon pails Code: 10-70169-005
15-gallon drums Code: 10-70169-015
