

APPEAL

Concentrated Drying Agent

DESCRIPTION

A light blue drying agent designed to bead water to enhance natural or air blower drying. This product is a flexible drying agent that can be used in in-bay automatics, tunnels and self-serve applications.

USAGE INSTRUCTIONS

This product is ideally applied under low pressure application in tunnel and in-bay automatic settings. Begin application at 850-1300:1 (4-6 drops). For high pressure application apply at 1700-2500:1 (2-3 drops). In applications where greater amounts of rinse water are applied to the vehicle stronger dilutions of product may be required.

FEATURES

- Rapidly beads water
- Consistently works in all applications
- Biodegradable
- Economical

SIZES AVAILABLE

5-gallon pails Code: 11-17450-005
15-gallon drums Code: 11-17450-015
30-gallon drums Code: 11-17450-030
55-gallon drums Code: 11-17450-055

SPECIFICATIONS

COLOR: BLUE
